Our McAllen ISD String Fling concert last Saturday (May 10th) was one of our cleanest String Fling concerts that we have had in recent memory. I conducted the high school orchestra playing "Ashokan Farewell" from the PBS series "The Civil War." Thankfully I didn't cry during our performance as it has extra sentimental value to me due to my playing it at my grandad's funeral back in 2022. The performance was well received. Later that night I helped out at our school's prom, scooping ice for drinks for 2 hours. But most importantly the students enjoyed prom.
